AN INSPIRATIONAL YOUNG LADY... You will absolutely love this girl. She has a disability, but her attitude is remarkable. This interview was taped on a Nashville TV station last August. She is about 10 years old now. Enjoy and also check out her Facebook page for many other videos of her. She seems to have quite a following across the country https://www.wsmv.com/today_in_nashville/grace-anna-rodgers-august-5-2020/video_f1b26a06-1cc0-506f-9f44-3251df4b36a0.html?fbclid=IwAR3kkFiVqImrHnnEulSO4ti-8Sk0ucVKMJ-HcULrclbUPBQQcuHTdUuJroc

YOUNG HAM, A HOT CALL... Seems that James KN6IPL gets plenty of contacts when he gets on HF. Who doesn't enjoy making one with a 9 yr old General class youth. QRZ posted on Sunday their list of "Hot Callsigns" and James made the list... sent to me by N4LLC. Apparently when he gets on the air, he gets an immediate flood of calls. I'll have to make him one of my HF contact goals. Check out his QRZ page if you haven't already done so. His Mom and Dad are also hams. He was also mentioned on Ham Nation by Gordon

West.

YACHT MEMBER PROJECTS... Raymond N7KCB has several projects in the works. The links are listed at the bottom of his QRZ page <http://www.qrz.com/db/n7kcb> feel free to pass along suggestions and comments to him. He usually checks in to our evening chats and Sat. youth net. Basically he is working

on establishing a youth radio club in his area of Phoenix, AZ and a special event honoring ham radio emergency responders. He is quite an enthusiastic and motivated young ham. He has a younger sister who may be taking her Technician exam next month. His current goal, other than the projects mentioned above, are to take his Extra exam soon.

SSB CONTEST THIS WEEKEND... The NARS (Nashua Area Radio Society) in New Hampshire has an event for SSB only. Check out the link for information.
